RELATIONSHIPS - RESPECT - RESILIENCE

“You’re braver than you believe, stronger than you seem and smarter than you think.”
A. A. Milne

Encounters with further education (BM7)

All pupils should understand the options available to them at post 16. This should include academic and vocational but it should be tailored to their needs and interests.

Princes Trust Workshop

Year 11 pupils were joined by representatives from The Prince's Trust for an engaging and informative session. The team introduced the incredible work of the charity, highlighting the exciting opportunities available to young people and the invaluable support they offer during post-16 transitions.

From skill-building workshops to career guidance and mentoring, The Prince's Trust equips young people with the tools they need to succeed in education, work, and life. This session provided pupils with insights into how they can access these resources to shape their futures.

We are grateful to The Prince's Trust for their time and inspiration and look forward to seeing how this session will empower our pupils as they prepare for the next stage of their journey.

NU Futures

Over the autumn term, NU Futures has engaged with over 60 of our pupils, exploring career opportunities, building essential skills, fostering aspirations, and so much more. The impact data collected highlights the positive difference this initiative has made. Thank you so much for your time, dedication, and effort in supporting our young people.

78% of pupils have increased awareness of their future career options

80% of pupils have increased confidence when thinking about their next steps

84% of pupils have increased knowledge of the skills and qualities that employers look for

85% of pupils have increased motivation to set goals for the future

Pharmaron Careers Visit

Pharmaron is a premier life science service provider offering a wide range of R&D and manufacturing service capabilities across the entire drug discovery, preclinical, clinical development, and commercialization process.

Pupils had the opportunity to tour the facility and learn about the various apprenticeship routes available after the age of 16

In House Careers Fair

In-House Careers Fair a Success!

We were thrilled to host our very first in-house careers fair, offering pupils the opportunity to explore a wide range of organisations, including both employers and post-16 education providers. This event aimed to inspire and broaden pupils' aspirations, while fostering valuable employer encounters to help them better understand future pathways.

Nissan Careers Visit

A small group of pupils had the exciting opportunity to take part in the Nissan Experience Day, where they gained invaluable first-hand insight into the automotive trade. The day started with a guided exploration of the Nissan operations, offering a behind-the-scenes look at the processes that drive this global industry. To make the experience even more interactive, the pupils participated in a skills and agility test, putting their learning into practice and challenging themselves in a hands-on environment.

This combination of education and engagement left them inspired and equipped with new knowledge and perspectives on careers in the automotive and manufacturing sectors. A truly enriching day for all involved!

Burnside Careers Live

Burnside Live Inspires Future Pathways!

Burnside Live provided pupils with an invaluable opportunity to plan their next steps and explore a wide range of options. Through engaging with employers, colleges, universities, and providers of traineeships and apprenticeships, pupils gained insights into various pathways. The event also offered tailored information and guidance, empowering pupils to make informed decisions about their futures.

CAREERS INSIGHT - Father Christmas

Father Christmas

Careers@Moorbridge

Skills

Day to day tasks:

Father Christmas needs many talents to make his one day a year a success. He needs the skills of a:

- **Postman**
Forget your Amazon Prime and your Hermes, Father Christmas and his fleet of reindeer would blow them all away. No traffic jams in the sky means no late deliveries!
- **Zookeeper**
He needs to ensure the reindeer are happy and 100% fit for the busy night!
- **Warehouse and Logistics Manager**
Father Christmas needs a pretty big North Pole warehouse to store all of the gifts! And the entire logistics operation of moving gifts into his sleigh - which miraculously fits it all in - is something to behold.
- **Engineer**
Father Christmas's skillset as an engineer and Head Toymaker is pretty unique - as he must adapt with evolving tech and fleeting toy fads and be on trend each year!
- **Customer Service Advisor**
He magically knows the solutions to your problems before you finish writing your Christmas wish list!

Father Christmas

holds a highly responsible position required to ensure the effective and efficient manufacture and world-wide delivery of toys and presents to children on Christmas Eve.

Qualifications

In addition to being nimble and physically fit, Father Christmas has good knowledge of:

- Geography
- Working at Heights
- Sleigh riding and handling a team of reindeer
- Elf management
- Mince pie eating
- Sliding down chimneys

Salary*

Father Christmas magically earns enough to ensure Mrs Christmas, the elves and the team of reindeer are kept in the style to which they have become accustomed.

Jobs

There's no slowing down for Father Christmas in the foreseeable future!
